#smashedpingpong

HELLO FRIENDS,

This year marks our **10th Annual Smashed Charity Ping Pong® Tourney**, a fun opportunity to bring friends together to enjoy great food, drinks and play some ping pong. “More importantly, it’s a fantastic way to give back to our community.”

WE’VE RAISED A TOTAL OF \$2,375,000 IN 9 YEARS!

10TH ANNUAL **SMASHED** PING PONG® TOURNEY

THE CHARITABLE SIDE

Our Premier Ping Pong Event and After Party can only be truly successful by supporting amazing charities and those less fortunate. This year, proceeds will go to some very deserving causes: **Lifeline Foundation, Make-A-Wish, Sick Kids, Mackenzie Health Foundation, Cortellucci Children's Charity, Scalabrini International Migration Network and HomeCourt Advantage.**

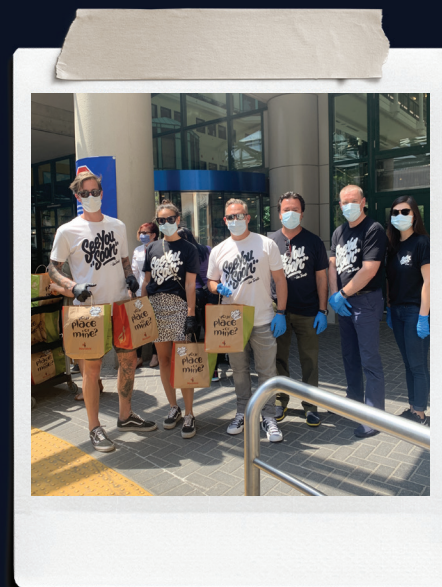

THIS COMMUNITY NEEDS A LIFELINE

Lifeline, Lifetime Development's charitable foundation, was founded with the mission to provide aid and support for a range of programs and initiatives that enhance Toronto's communities. Since its inception in 2014, **Lifeline** has rallied together esteemed members of Toronto's real estate industry and beyond to raise over \$2M for organizations that provide necessary aid and support for some of the most vulnerable and at-risk communities in the GTA and across the country. Most recently, Lifeline created the **See You Soon Toronto** initiative, a limited-edition merchandise collaboration, raising over \$350K to support those impacted by COVID-19.

INTRODUCING HOMECOURT ADVANTAGE

Funds raised from this year's Smashed tournament will be designated towards Lifetime Development's newest initiative, Homecourt Advantage. In partnership with Adidas Canada, Homecourt Advantage will support the revitalization of community basketball courts across Toronto.

Make-A-Wish.

CANADA

MEET AIDAN,

Age 8 | Medical Condition: lung condition and neurological condition

Eight-year-old Aiden lives with a lung condition and a neurological condition. And like most kids his age, he loves being outside, going to the playground, riding his bike, and having fun at the splash pad. Aiden also enjoys spending time with his family playing games such as “the floor is lava,” reading books, or helping bake treats and make pizza.

When dreaming about his wish, Aiden knew it had to involve having a lot of fun and making memories with his family. Which is why he will be going to his favourite theme park in Florida for his wish. Aiden’s conditions have meant spending a lot of time in hospitals receiving treatment, so he’s looking forward to forgetting about his struggles and enjoying some time in a new, exciting place with his family.

Thank you, Zancor Homes, for helping to grant wishes to children like Aiden. Hope is essential for children with critical illnesses, and its life-changing power is unlocked when wishes like Aiden’s are granted. It is thanks to the generous support from our donor community that we can continue to transform lives, one wish at a time.

IN SUPPORT OF

Mackenzie Health Foundation

1 in 4 people in York Region suffer from mental illness. Your contributions give them a safe space to receive specialized and compassionate care close to home. We're grateful you share in our commitment to providing the best care to some of our community's most vulnerable people.

Our two hospitals house extensive mental health expertise and treatment opportunities. Every detail of our adult Mental Health Unit at Cortellucci Vaughan Hospital is thoughtfully designed for their safety, wellness and comfort. Here are some of the ways your donations shape their time in hospital:

HELPING THOSE IN CRISIS

For patients at greatest risk, our Psychiatric Intensive Care Unit (PICU) offers less stimulation, constant monitoring and daily assessments.

RECOVERY WITH DIGNITY

The Mental Health Inpatient Unit features 32 inpatient beds. Courtyard access and bright windows provide a chance to enjoy nature during recovery.

EASING THE TRANSITION HOME

The Active and Daily Living (ADL) program lets patients practice daily life tasks, attend workshops and group therapy and get exercise.

INTEGRATED MOOD DISORDERS CLINIC

In partnership with Ontario Shores, patients can access innovative, non-invasive mood disorder treatments, such as brain stimulation.

For some patients, a few days can set them back on track to return to daily life. For others, it's longer. Together, let's continue to improve the lives of everyone who comes through our mental health unit—however long their stay.

SPONSORSHIP OPPORTUNITIES

TITLE SPONSOR \$30,000

- VIP Lounge with private hostess
- 25 event tickets
- Photobooth sponsor
- Prominent recognition on all media, including media wall, video wall, website, social media & event material
